Slogan: *Quality at the Core, Innovation at the Forefront*

PLC Level 1 Training

Programming • Configuration • Troubleshooting

Date: 23rd – 27th February 2026
Time: 8:00 AM – 5:00 PM (EAT)
Venue: Viscar Training Center/KASNEB Towers - Upper Hill
Mode: Physical
Fee: KES 30,000 (Exclusive of VAT)

Course Overview

This intensive **5-day training** equips participants with practical skills in **PLC programming, hardware configuration, and troubleshooting** using the **Siemens S7-300 series**. Participants will learn by doing hands-on exercises, real-world simulations, and guided projects to build competence in industrial automation.

What You'll Learn

- PLC Hardware Configuration: Components & Wiring
- Software Configuration: Programming Tools & Networking
- Creating, Downloading & Executing Programs
- Building PLC Projects with Industrial Simulations
- Fault Diagnosis, Troubleshooting & Maintenance

Target Audience

- Electrical & Electronics Engineers and Technicians
- Mechatronics Professionals
- Instrumentation & Control Engineers
- Mechanical Engineers with automation interests
